

Irish Clay Target
Shooting Association

Thursday 16th September 2021

Dear All Members and Clubs,

As of the 1st January 2022, it will become compulsory to provide qualified referees to all registered Sporting, Fitasc Sporting, Compak Sporting and Sportrap shoots.

Referees will be paid the sum of €100 per day. This will be financed by an increase of €5 per entry, combined with the recuperation of the €5 per entry granted to clubs approximately three years ago to pay for referees - which equates to €10 in total per entry to finance the referees.

We at the ICTSA will run a training programme to train all potential referees. This programme will be open to both individual ICTSA members and club members. We would ask that all clubs running registered shoots contact the ICTSA to arrange referees training days to suit each club. Applications for those interested in referee training are welcome from both shooters and non-shooters, however all applicants must be a member of the ICTSA. Applicants can register their interest by email to **honsec@ictsa.ie**

We intend to provide training to all clubs requiring it. There will be a pool of trained referees and registered grounds will need to apply in good time with dates and numbers required to **honsec@ictsa.ie**

Please note: This initiative is being run by the ICTSA Sporting Task Group who will ensure full and correct training will be provided, and the rules in their entirety are covered to aid all referees.

Regards,

ICTSA Sporting Task Group
